Product Information

CAUSTIC SODA

DESCRIPTION

Caustic Soda is a Food processing aid; Industrial/commercial use: In flotation agents; in pH regulation; as a solvent; in water treatment; as a photochemical; as a reducing agent; and in hydraulic fracturing.

Domestic use: In cleaning/washing agents and additives; adhesives; and cosmetic use.

APPLICATION

Caustic Soda frequently used as a cleaning agent. It is added to water, heated, and then used to clean the process equipment, tanks, drains, etc. It can dissolve grease, oils, fats and protein-based deposits.

Concentration is varied according to water conditions, temperature and type of cleaning requirement with higher concentration used for better performance and hard stains.

FEATURES AND BENEFITS

- Heavy duty cleaning agent
- Unblocks drains
- Ideal for soap making
- Contains Sodium Hydroxide
- Removes grease and grime
- Dairy: cleaning production installations
- Beverages: bottle-cleaning
