## Product Information

### **BILGE AND ENGINE CLEANER**

#### **DESCRIPTION**

Pro Bilge and Engine Cleaner is a heavy duty, foaming detergent for the removal of fat, grease, soil, dirt, animal and vegetable oils, carbon and most industrial soils.

#### **FEATURES AND BENEFITS**

- Is non-flammable
- It does not corrode metal
- Harmless to paint work, plastic and vinyl
- Dries with a shiny streak free finish
- Suitable for use with high pressure cleaners

#### **DIRECTIONS FOR USE**

***It is most important to isolate all power and ignition sources prior to use.***

- As an engine degreaser 1 to 1, or 1 to 10 with water through a trigger spray, agitate with brush then hose off.
- For really bad caked on oil grime, mix Bilge & Engine Cleaner 5 to 10 parts with kerosene, agitate then wash off.
- As a spray & wipe (spot cleaner) for engine and hard surfaces, dilute 1 in 10 Bilge & Engine Cleaner with water in a trigger sprayer.
- For degreasing around BBQ and stove tops dilute Bilge & Engine Cleaner 1 in 3 with water in a bucket, rinse off in normal manner.
- Can be used for mopping galley floors use at a rate of ½ to ¾ of a cap per bucket, mop in usual manner.
- As a bilge cleaner, empty all water from bilge (as much as possible), put a workable amount of fresh water in the bilge (up to) 20 to 30L with 2 to 4L of Bilge and Engine Cleaner and leave in for extended time to slosh around. When desired cleaning has occurred, remove all bilge water and dispose of in an appropriate (authorised) waste recovery site.

#### **PACKAGING**

750ml 5L & 20L
