Product Information

PRO DEMIN WATER

Deionised Water less than 15ppm minerals

DESCRIPTION

Pro Demin Water is specially purified water that has had most, or all its mineral and salt ions removed, such as Calcium, Magnesium, Sodium, Chloride, Sulphate, Nitrate and Bicarbonate. It is also known as Deionised water, DI or Demin water.

APPLICATION

Pro Demin Water is ideal for steam irons, batteries, radiators, air conditioners, laboratories, industries requiring high quality pure water.

FEATURES AND BENEFITS

- Maximises life of engine coolants and lead acid batteries
- Suitable as engine coolant top up
- Multiple applications in varied industries
- Cooking systems for no build-up of minerals
- For watering indoor and delicate plants as it will not cause a build-up of minerals in soil

DIRECTIONS FOR USE

Use as is. Do Not Dilute.
